Build a Strong Financial Foundation

Workshops help Crusade families gain money smarts

Could you use financial advice from a reliable expert? Financial literacy is an important feature of our family workshop offerings this year. Starting in September, Crusade families have been getting great tips for practicing good financial habits from our education partners at **Citizens Bank**, **Home Loan Investment Bank**, and **Capital Good Fund**. See below for what's coming up!

Citizens Bank is offering a series of eight workshops on the first Wednesday of each month:

- September 2014: Fundamentals of Banking.
 Describes types of banks, why to use a bank,
 services they provide, and protection afforded
 to customers.
- October 2014: Budgeting for a Better Life. Explains why budgets are important, how to create a budget, and how to follow one to accomplish goals.
- November 2014: Improving Your Credit Score. Explains the importance of credit scores, what impacts your score, and what actions you can take to raise it.
- January 2015: 10 Steps to Digging Out of Debt. Helps participants understand their total debt picture and how to develop a plan for digging out.
- February 2015: Preventing an ID Theft Crisis. Explains identify theft, how it occurs, how to prevent it, and what to do if you become a victim.
- March 2015: Home Buying. Provides an overview for prospective home owners, such as how to calculate what you can realistically spend and what types of loans and rates are currently available.
- April 2015: Going Green, Saving Green.
 Shares the steps you can take in your daily life to live a greener lifestyle and save some green.
- May 2015: Strategies for Paying for College.
 Helps participants evaluate educational goals
 and projected costs and identifies ways to pay
 for college.

Look at all the certificates of high participation we handed out at our **Parent Recognition Night** in June!

We thank **Home Loan Investment Bank** for offering Crusade families five workshops from the FDIC Money Smart Program throughout the month of September. Dozens of Crusade families attended each week to learn from workshop sessions called Bank On It, Check It Out, Setting Financial Goals, Pay Yourself First, and Borrowing Basics.

Capital Good Fund also visited in September to offer a workshop called How to Build and Maintain Your Credit and to introduce its Financial Coaching Plus program.

To learn more about all the workshops that Crusade Family Engagement has designed for you this year, go to the Family Workshops page of our website at **www.thecollegecrusade.org** and download our Family Workshops catalogue.

A message from the President

Dear Crusade families,

This issue of Cru News emphasizes the importance of understanding the financial aspects of completing a college education. There are many challenges to financing a postsecondary education, and you need to be ready for them long before your child enters college.

Timely planning for all costs and affordability can help ensure that your child will be able to complete a college degree. Understanding the "financial fit" for each college your child is considering is a key to long-term success. FAFSA completion and follow up, analyzing the award letter, and understanding the difference between loans, scholarships, and work-study are also part of the big picture.

Begin your planning and research right away. Consider your resources. Do your research. And remember – a College Crusade scholarship is available to Crusaders who attend any of our state schools or any school that is a member of our scholarship collaborative.

Sincerely yours,

Love D. Flokerty President & CEO

STEM Newsbytes

The College Crusade's robotics team, **Elite Machinez**, has started to meet weekly at Brown University. Over the next few months, they will work together to build and program a robot to compete at the statewide **FIRST Tech Challenge** in January!
